PROFESSIONAL SUMMARY

As a Junior Cybersecurity Specialist, I am a cybersecurity professional with a strong foundation in network security, vulnerability assessment, web application security, wireless security testing, and cloud computing fundamentals.

I have hands-on experience conducting cybersecurity labs and building security-focused projects using industry-standard tools including Kali Linux, Nmap, Wireshark, Burp Suite, Metasploit Framework, Aircrack-ng, Hashcat, Cisco Packet Tracer, and Huawei security technologies.

I am certified by Cisco Networking Academy, Huawei ICT Academy, HarvardX, and ITI, with practical experience in enterprise networking, firewall configuration, penetration testing fundamentals, and secure web application development.

I am passionate about continuous learning, solving complex security challenges, and helping organizations strengthen their cybersecurity posture.

SKILLS & LANGUAGES

Skills: Security, Vulnerability Assessment, Penetration Testing Fundamentals, Web Application Security, Wi-Fi Security Testing

Security Tools: Nmap, Wireshark, Burp Suite, Metasploit Framework, Aircrack-ng, Wifite, Hashcat, Bettercap, SET Toolkit, Networking, TCP/IP, DNS, DHCP, Routing & Switching, VLANs, ACLs, Firewall Configuration

Programming: Python, JavaScript, HTML, CSS, React, Node.js, Express.js, Platforms, Linux (Kali), Windows, VMware, AWS

WORK EXPERIENCE

E-Commerce Store Owner (2018–2023): Managed full-cycle operations of an online fashion brand, including product sourcing, pricing strategy, inventory control, order fulfillment, and social media marketing. Leveraged data analytics to optimize sales performance and resulted in a 15% increase in conversion rates. Coordinated cross-functional teams to ensure seamless customer service and supply chain efficiency.

PROJECTS

- YA CV AI – AI-powered ATS Resume Builder & Resume Analyzer (Node.js, Gemini API, PDF Export).
- NØURGINE World – AI Creator Hub & Bio Links Platform with integrated AI Assistant.
- Cybersecurity Portfolio Website – Personal portfolio showcasing certifications, projects, and security labs.
- Wi-Fi Penetration Testing Lab – WPA2/WPA3 security assessment using Kali Linux, Aircrack-ng, Wifite, and Hashcat.
- Web Application Security Lab – Vulnerability assessment and reconnaissance using Nmap, Burp Suite, and Exploit-DB.
- Metasploit Exploitation Lab – Exploitation, Meterpreter sessions, and post-exploitation techniques in a controlled lab.
- Android Security Testing Lab – Android penetration testing using Metasploit, Meterpreter, and Genymotion.
- Phishing & Social Engineering Simulation – Security awareness lab using SET Toolkit and Zphisher.
- Enterprise Network Security Labs – Cisco Packet Tracer labs covering VLANs, Routing, ACLs, EtherChannel, and Network Security.
- Huawei Firewall Security Lab – Security zones, firewall policies, Trust/DMZ configuration, and traffic filtering.
- AWS Cloud Labs – Hands-on experience with IAM, EC2, S3, VPC, and cloud security fundamentals.

EDUCATION

Bachelor of Computer Science and Artificial Intelligence

Benha University, Egypt

Expected Graduation: 2027

CERTIFICATIONS & COURSES

- CCNA: Enterprise Networking, Security, and Automation (ENSA) – Cisco Networking Academy / Benha University – Issued: July 29, 2026
- CCNA: Switching, Routing, and Wireless Essentials (SRWE) – Cisco Networking Academy / Benha University – Issued: July 29, 2026
- HCIA-Security V4.0 – Huawei ICT Academy – Issued: July 29, 2026
- CS50's Introduction to Cybersecurity – HarvardX (Harvard University) – Issued: June 2026
- Endpoint Security – Cisco Networking Academy – Issued: June 13, 2026
- Introduction to Cybersecurity – Cisco Networking Academy – Issued: June 13, 2026
- Front End Web Development (120 Hours) – Information Technology Institute (ITI) – Issued: August 29, 2024
